

OUR SERVICES

We offer a wide range of rubber products, including custom molded rubber parts, control valve diaphragms, and o-rings, rubber washers and more.

Equipped with advanced hydraulic machinery and a self-sufficient tool room, we manufacture rubber components with precise accuracy and strict quality standards. We also offer comprehensive services including rubber molding, engineering, and custom manufacturing tailored to specific requirements.

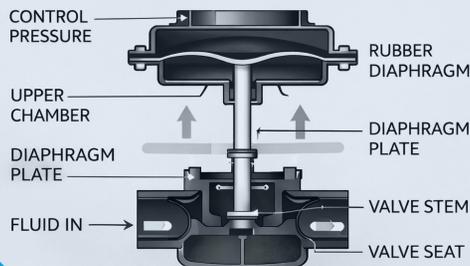

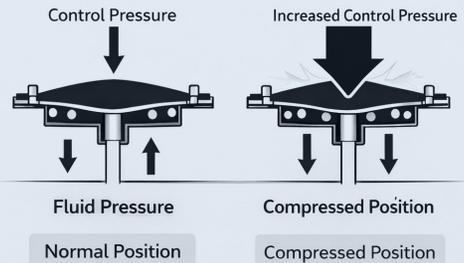

THE DAIPHRAGM SPECIALIST SINCE 1973

MULTI RANGE ENGINEERS

ABOUT US

Founded in 1973 by Shri Nandalal Rohera, Multi Range Engineers has been a leading supplier of rubber products for over 50 years.

With our expertise and dedication to quality and perfection, we offer a wide range of rubber products, including custom molded rubber parts, control valve diaphragms, and o-rings, rubber washers and more. Our products are made from high-quality materials to ensure durability and performance.
